SUMMARY

A final-year Computer Science student, majoring in Software Engineering. I have a growing interest in UI/UX design, front-end development, and web development. I'm an adaptable and collaborative learner, skilled at managing my time effectively. Seeking an internship opportunity from **March 2025 to September 2025**, where I can continue developing my technical skills and contribute to a dedicated team.

SKILLS

- Web Development
- UI/UX
- Visual Studio Code
- PHP
- Adobe Illustrator
- Figma
- Javascript
- HTML & CSS
- PL/SQL

EDUCATION BACKGROUND

- International Islamic University Malaysia (IIUM) | Gombak, Selangor** **Oct 2021 - Present**
Bachelor in Computer Science
- CGPA: 3.65
 - Current GPA: 3.69
- International Islamic University Malaysia (IIUM) | Gambang, Pahang** **Aug 2020 - Jun 2021**
Foundation in Engineering and Computer Science
- CGPA: 3.47

WORK EXPERIENCE

- Freelance | Krypton Technologies** **Oct 2023 - Jan 2024**
- Designing the core module user interfaces for a kindergarten management app named AG4U.
 - Assisted and collaborated with the development team in improving the user experience of the software.
- Freelance | Rocket Web** **Nov 2024 - Dec 2024**
- Collaborated in cropping 60 pages of Al-Quran word-by-word for SmartQuran using Figma design tools, ensuring accurate translation and responsive content delivery.
 - Performed image optimization by cleaning Arabic text components in SmartQuran to maintain visual quality standards.

AWARDS AND ACHIEVEMENTS

- Dean's List Award** **2022 - 2024**
- Achieved Dean's List Award in 4 out of 6 semesters, demonstrating persistent academic success and maintaining my top performance throughout my undergraduate education.
- University in Action Symposium | Silver Award** **2022 - 2024**
- Coordinated a collaborative school painting project that engaged 30 students from diverse educational backgrounds, completing all phases of the initiative within 2 weeks despite tight scheduling constraints and achieving high-quality results.

Co-curricular Cumulative Average | 4.00

ACTIVITIES AND INVOLVEMENTS

• Innovatex: Innovative Text Expo Participant	Jun 2024
• KICT Annual Grand Dinner Committee	Dec 2023
• KICT Festival 2022 Esport Tournament Committee	Oct 2022
• Digital Innovation Creativepreneur (DICE) Participant	Aug 2022 - Jan 2023
• International Islamic University Malaysia & Bridgewater College Collaborative Online International Learning Project Participant	Mar 2022 - Apr 2022
• IIUM Esports Club Gaming Bureau	Nov 2021 - Oct 2022

PROJECT EXPERIENCE

Virtuhand: Handwritten Image to Digital Text Website

Built a website that converts handwritten text to digital format for my thesis project, helping users with vision problems and teachers. Used **SvelteKit**, **TailwindCSS**, and **Gemini API** to improve my web development skills.

AG4U: Kindergarten Management Mobile Application

Developed UI designs for 3 main modules in a kindergarten management app, supporting both Android and iOS platforms. Led design process and tracked project progress using Jira for team coordination.

GeoTracker: Hiking Trail Guide System

Built an AR mobile app for hiking and camping locations, showing safety directions and site history. Created tourist guide features with React Native, helping team deliver location-based navigation and warnings.

FlappyG7: Flapping Rocket Avoiding Planets Game

Designed and created 10 unique game assets along with background music for a flapping rocket game, achieving seamless integration and enhancing player engagement through visually appealing graphics.
